# Nature-Climate-People: tales from across the ocean

Join the panel live at COP26 or online, details below

## INVITATION

### OVERVIEW

This event will showcase the Nature-Climate-People nexus and how tales from international and cross-sector ocean partners underline the importance of the ocean and its biodiversity to societies across the world and the urgency and ambition required to limiting warming to 1.5 °C, enhance NDCs to help achieve Net Zero with no overshoot and make ocean ecosystems part of the solution. Panellist will summarise the findings of IPCC and IPBES assessments and new societal and scientific initiatives for sustaining this unique habitat and Earth's essential life support system.

### WHEN & WHERE

1 November 2021, 15:30-16:30 GMT  
#Pandahub, WWF Pavilion, Blue Zone, COP26

Livestream: [www.panda.org/cop26](http://www.panda.org/cop26) or register and join on zoom to ask the panel questions, see: [https://wwf.zoom.us/webinar/register/WN\\_zzqkrE9aReyD-9\\_Ja-qUUQ](https://wwf.zoom.us/webinar/register/WN_zzqkrE9aReyD-9_Ja-qUUQ)

### SPEAKERS AND PANELISTS

#### Moderator:

Carol Turley, Plymouth Marine Laboratory
